

"ALEXANDER FLEMING"
Biomedical Sciences Research Center

Call for Expressions of Interest

InfrafrontierGR Infrastructure manager, BSRC Fleming

The Biomedical Sciences Research Center 'Alexander Fleming' (www.fleming.gr) is seeking an **experienced manager** with a proven track record in management and coordination of research and infrastructure projects, to manage **the Greek Research Infrastructure [InfrafrontierGR](#)**.

InfrafrontierGR is the Greek node of EU [INFRAFRONTIER](#): *The European Infrastructure for phenotyping and archiving model mammalian genomes*. INFRAFRONTIER-GR is a sustainable, open access pan-Hellenic Research Infrastructure that provides access to mouse tools and resources necessary to unravel the role of gene function in human health and disease and to translate this knowledge into therapeutic approaches and disease prevention strategies. The Infrastructure offers services for the generation, distribution and disease-oriented phenotyping of mutant mouse genomes and is a full member of INFRAFRONTIER's archiving node, the European Mutant Mouse Archive (EMMA) - a major European biomedical repository that provides collection, archiving and distribution services of mutant mouse strains to the biomedical research community.

Candidates must have an **MSc or PhD in Biosciences** (candidates with degrees in Business administration, Economics or other Sciences may also be considered, if they have at least a first degree in Biosciences). The position also requires strong written and oral communication skills, high organization, management and coordination abilities, as well as excellent command of Greek and English. **Experience with quality management and relevant industry pipelines, as well as experience with animal models and mouse genetics will be considered an asset.** A minimum of 3 years of experience in relevant positions is required.

The successful candidate will work in close contact with the Infrastructure Coordinator and his/her duties will include: coordination of project working groups, coordination and follow up of project deliverables, coordination and preparation of reports, liaising between the Coordinator and network partners, overview of procurement calls and personnel recruitment, dissemination and exploitation of project results, curation of project websites, communication with the European infrastructure and alignment of activities, participation in international meetings and relevant working groups.

Expressions of interest should be sent electronically to positions@fleming.gr. Candidates should email a cover letter outlining their interests and areas of expertise (maximum 1 page long), together with a detailed curriculum vitae (indicate **position code: 20190402_EoI_PM_INFRA**). For more information, candidates may call 210 8979628.

Deadline for expression of interest: 22 April 2019
